

Item # TRX01

One-Step EPA Registered Broad Spectrum Disinfecting System – Clean, Disinfect & Deodorize

Solutions from GenEon Technologies' Trio Rx allow users to generate broad spectrum disinfectants and deodorizers. The portable Trio Rx generates disinfectant without toxicity, without breaking the bank, while at the same time creating solutions to eliminate hard to kill bacteria!

Why the Trio Rx?

- ✓ EPA Registered Broad Spectrum Disinfectant under U.S. EPA Reg. No. 91112-2
- ✓ Approved under EU's EN1276 Disinfecting Standards
- ✓ Portable Table-Top
- ✓ Makes up to 2 liters (½ gallon) of solution at a time
- ✓ Truly sustainable solutions
- ✓ Reduces cost
- ✓ Increases safety for staff and guests
- ✓ Powerful Disinfecting Solutions effectively destroys harmful bacteria
- ✓ Low to NO VOC
- ✓ Eliminates need for storing large amounts of chemicals
- ✓ No rinsing necessary

Where is it used?

GenEon's Trio Rx can support a wide variety of industries including:

Schools and Universities Facilities, Daycares, Janitorial, Environmental Service, Veterinary, Food Service, Medical/Healthcare, Commercial Food Production, Dairy Production, Hospitality/Lodging/Cruise Ships, and many more.

The solution generated by the Trio Rx and GenEon's Electrolyte is registered as a broad spectrum disinfectant by the U.S. EPA.

Trio Rx

Generates safer and more sustainable cleaning solutions.

How it works

GenEon Technologies' line of Electro Chemical (ECA) On-Site Generators changes the landscape for the development of safe, sustainable, budget-friendly and highly effective cleaners, sanitizers & disinfectants. Solutions created by ECA technology and GenEon are recognized worldwide to be sustainable, more effective and safer than traditional toxic chemicals and disinfectants.

1. ADD ELECTROLYTE

2. ADD TAP WATER

3. ENERGIZE

The solution generated from the Trio Rx and dispensed with the MIST / ^bMIST is an ideal Fast-Responder tool to eliminate bacteria in large areas and have proven to be effective in schools and universities.

Disinfect

Disinfectant/Cleaner

High-touch areas and surfaces including door handles, tables, table tops, countertops, television remotes, chairs, headboards, bathrooms, sinks, exterior of urinals, walls, emergency rooms, wheelchairs, toys, playpens, keyboards, IV poles, stretchers, wash basins, water fountains, diaper changing tables, etc.

GenEon Broad Spectrum Disinfectant Kills Harmful Bacteria When Used as Directed

GenEon solutions are a safer and sustainable alternative to traditional chemical products and are comprised of natural minerals, water and energy – an ideal solution for healthier environments. GenEon Technologies TRIO Rx On-Site Generating System is registered by U.S. EPA Reg. No. 91112-2
Electrolyte Item #: LQE03

What users are saying...

"I am writing this letter to share some interesting findings, I am the Manager of Environmental Services at the Westminster Schools in Atlanta. For the past few years during football and wrestling season we had some issues with odors in the locker room and a few cases of staph infections. I am pleased to announce that this year we were able to remove the odors and did not have any cases of staph. This was made possible by the purchasing of the GenEon Trio Rx and the fogging machine (Mist)...I would strongly recommend this product to anyone who may have the same challenges that I was having, it works."

Larry Smith, Manager of Env. Srv., The Westminster School
