

Item # MIS01

Item # MIS03

Two Devices, in one. That change the way you work. Mist / ^bMist Sprayer

The **GenEon Mist / ^bMist** is ideal for cleaning large open areas. Perfect for spraying and cleaning bathrooms, classrooms, walk-in freezers, hotel rooms, medical facilities, ambulances, and other hard-to-reach places. The compact design allows for ease of use. When the **Mist / ^bMist** is combined with solutions from one of GenEon's On-Site Generators, it makes for the perfect system to help you create a cleaner, healthier, and safer environment.

The battery operated ^bMist Sprayer adds portability and allows you to go places without the constraints of a cord and allows for cleaning, sanitizing and disinfecting large open areas.

Mist / ^bMist is ideal for:

- ✓ Sanitizing and disinfecting hard-to-reach places
- ✓ Mold and mildew remediation
- ✓ Odor elimination
- ✓ Adjustable flow rate for moisture control and blower speed
- ✓ Easy to use with its handheld and user friendly design
- ✓ Increasing productivity
- ✓ Use in tough environments with its durable and rugged design
- ✓ Large open areas including:
 - Bathrooms
 - Classrooms
 - Community Rooms

Where is it used?

GenEon's Mist / ^bMist can support a wide variety of industries including:

Schools, Universities, Daycares, Janitorial, Environmental Service, Veterinary, Food Service, Ambulances, Medical/Healthcare, Commercial Food Production, Dairy Production, Hospitality/Lodging, Buses, Trains, Cruise Ships, and many more.

GenEon™ helps you improve your productivity while improving the health of your environment.

Mist/^bMist

Helping you create a safer healthier environment

Dimensions	6.2 in x 22 in x 9.8 in 160 mm x 550 mm x 250 mm
Weight	6.8 lbs./3.1 kg
Power	110V/220V
Cord Length	19.6 ft./6 m

Item Number	MIS03
Particle Size	20-100 um
Tank Capacity	1.3 gal/5L
Dimensions	7.7 in x 21.5 in x 10.6 in 195 mm x 540 mm x 270 mm
Weight	6.8 lbs./3.1 kg
Power	Battery
Battery and Capacity	Lithium ion/DC 14.8V 20A
Run Time	1 hour continuous run-time. Dispenses approx. 15 gal/60L of solution on a full charge.

How it works

The Mist and ^bMist works with solutions generated from GenEon's On-Site Generators including:

Trio Rx

Item # TRX01

Immerse-A-Clean

Item # IMC01

Item # IMC02

InstaFlow

Item # INT01

What users are saying...

"I am writing this letter to share some interesting findings, I am the Manager of Environmental Services at the Westminster Schools in Atlanta. For the past few years during football and wrestling season we had some issues with odors in the locker room and a few cases of staph infections. I am pleased to announce that this year we were able to remove the odors and did not have any cases of staph. This was made possible by the purchasing of the GenEon Trio Rx and the fogging machine (Mist)...I would strongly recommend this product to anyone who may have the same challenges that I was having, it works."

Larry Smith, Manager of Env. Srv., The Westminster School
